***Diagnostic Refund				Opt.	

**1. Engine (Gas or Diesel):** Engine block, crankshaft and bearings, balancers, pistons, shafts and segments, connecting rods and bearings, camshafts and bearings, pinion, cylinder head, valves, valve spring guides, valve seats, and rocker arms, rocker rods and tappets, oil pump, toothed wheel, camshaft cap, front cover, hydraulic tappets, valve covers, engine mount vibration damper, engine mountings (during major failure only and excludes corrosion), timing belt sprocket and tensioner, (Chain(s) and sprockets, all seals and filters are included in a major failure only).

**2. Automatic gearbox:** Housing, oil pump, oil pump rings, valve housings, torque converters, vacuum modulators, regulators, main shaft, clutches, belts, drums, gear sets, internal bearings, sun gear, synchronizer, transmission supports. All seals and filters are included when broken major.

**3. Manual gearbox:** Housing, main shaft, gear sets, chain, sprockets, internal bearings, pads and seals. All seals and filters are included in major failures

**4. Differential (front and rear):** Housings and all internal parts, front and rear axles, universal joints, crowns and pinions, pinion bearings, positraction unit, satellites, forks (transmission shafts, support bearings, transfer case support, shifts, axle shafts, transmission shafts, self-locking clutch assembly, all seals, filters and rings are included in a major failure only).

**5. Front wheel drive:** Casings and all internal parts, sprockets, chains, bearings, internal bearings and gear sets.

**6. 4X4 Transfer Case:** Housing, gear sets, drive chains, sprockets, internal bearings, bearings, all internal lubricated parts. (Main shafts, transfer case support and all seals, filters and rings are included in a major failure only). Must have been declared upon signature.

**7. Turbo:** Turbocharger: (Factory installed only) turbocharger (If damaged from the inside) internal mechanical parts, bypass valves, intercooler, relief valve actuator. In order to benefit from the cover, the turbocharger must have been declared when the contract was signed.

**8. Supercharger:** Supercharger: (Factory installed only) supercharger, internal mechanical part, bypass valves, intercooler. In order to benefit from the cover, the supercharger must have been declared when the contract was signed.

**9. Steering:** Housing and all internal parts, rack and CV joints (not covered if the protective casing is cracked), power steering pump, pulley, main and intermediate shaft. (During major breakage only).

**10. Towing:** A towing allowance not exceeding seventy-five (\$75) dollars (taxes included) per claim when the malfunction of the vehicle is caused by a breakdown. Said repair must be expressly covered by the contract.

**11. Seals and Rings:** All gaskets (including cylinder head gaskets, excludes overheating) and bushings are included in the event of major failures only.

**12. Powertrain Plus:** Inlet manifold, exhaust manifold, vacuum pump, high pressure pump, injection pump, fuel pump, water pump and pulley, engine and transmission oil failure in major breakdown only and excludes corrosion, hub lock assembly (4x4), transfer case actuator, camshaft sensor, crankshaft sensor, steering column, tooth sector axis, main and intermediate steering axes, the universal joints, pipes and fittings.

**13. Brake System:** Master cylinder, servo device, wheel cylinders, brake caliper and pistons, pressure accumulator, brake compensator, wheel bearing, hydraulic pump, valve housing, rear brake plates.

**14. Electrical Accessories:** Cruise control switch, door lock activator, alternator, starter, starter solenoid, turn signal and stop light switches, power window switches, light switches, power seat and heated seat switches, door lock switches, front and rear wiper switches, rear defroster switch, sunroof switch, sunroof and convertible roof motor, heater fan switch, washer delay module, motor electric windows, front and rear wiper motor, electric seat adjustment switch (gear excluded), front and rear windscreen washer pump, voltage regulator.

**15. Air conditioning system:** Compressor, condenser, dehydrator, accumulator, evaporator, compressor clutch, pulley, high and low pressure switch, heater motor and heater fan motor, blower motor, expansion valve (for original parts from the manufacturer).

**16. Commercial:** All makes and models of vehicles and trucks (maximum 1 ton) accepted except vehicles such as: police, ambulance, snow removal and towing vehicle, mobile canteen and short-term rental.

**17. Rental:** Rental compensation not exceeding thirty (\$30) dollars (tax included) per day up to a maximum of five (5) days and one hundred and fifty (\$150) dollars (tax included) per repair when the vehicle is repaired by a duly authorized center and that the vehicle is out of service more than forty-eight (48) hours after having received the assessment from the designated service center (excluding Saturdays and Sundays as well as statutory holidays). Said repair must be expressly covered by this contract. The deductible does not apply to the rental compensation.

**18. Accommodation:** An Accommodation Allowance will be paid, for a hotel or motel, not exceeding fifty Canadian dollars (\$50 tax included) per day for a maximum of five (5) days or two hundred and fifty Canadian dollars (\$250 tax included) per claim. To be eligible for this compensation, the vehicle must be out of service more than forty-eight (48) hours after having received approval.

**19. Fuel supply and ignition system:** Injectors and injection pump, injection distribution, vacuum pump, probes thermics, induction coil, pressure regulator, the following sensors: detonation, throttle body, air density, accelerator position.

**20. Cooling system:** Hydraulic fan clutch, radiator fan motor, engine and transmission cooler (only if it is a part installed by the manufacturer or an original part), radiator and heater radiator unless breakage is caused by corrosion.

**21. Front and rear suspension:** Lower and upper transverse swinging arm and bearings, steering rods, deflection arm, suspension arm and bearings, ball joints and bearing spindle excluding shock absorbers.

**22. The Plus Package:** Anti-lock brake system (ABS) and traction control system.

**23. Hybrid system:** Voltage control module, voltage temperature switch, inverter and / or converter. Batteries and auxiliary batteries are excluded from the option.

**\*\*Multimedia Package (Options):** GPS navigation system including console panel, touch screen, camera information center and reverse sonar and / or forward sonar probe and / or collision warning probe and / or parking probe, blind spot probe, adaptive cruise control, keyless entry system, Bluetooth hands-free phone control, microphone, control by voice control and recognition, DVD / Blu-Ray player, entertainment system including screens in rear headrests, CD player and changer, updating and programming the GPS navigation system (if system assembly is required and is allowed to be replaced).

**\*\*\*Diagnostic Refund Option (Extra - Platinum Plan only):**  
If selected PEC Management reimburses max 1 hour of time for diagnosis if component is covered by warranty.

Protection you can trust

● Represents parts included.

\*Included parts are subject to change without notice and according to the protection plan selected. Subject to the contract's terms, conditions, and limitations. Other protection plans may be available, please refer to your dealer for full details.
